

Dear Prime minister,

It has been a very long time since I was at school. My sister in year One, recently went back and it has made me realise how much I am missing seeing all my friends, my teachers and learning new things.

I understand how ^{difficult} Covid-19 has made it for you to make decisions affecting health. We are all worried about catching Covid-19 and infecting others. I read that Covid-19 is less infectious in children so it seems to me that we could go back to school soon.

Yesterday I saw lots of people in a queue to go shopping, but I think that going to school is more important than going shopping. Do you agree?
