The Case of The Three Billy Goats Gruff

Not Guilty!

Mr. Troll was today brought to trial accused of threatening to eat the Three Billy Goats Gruff. Mr. Troll successfully defended his right to protect his land and to eat the Goats as he pleased. They were shock waves in the courtroom as the head juror read out the not guilty verdict!

The Three Billy Goats Gruff claimed that the troll threatened to eat them when they were on the rickety-rackety old bridge. The Goats felt intimidated, angry and scared by these threats. The police interviewed Mr. Troll who stated that he did not threaten them but instead, brushed it off as a joke. There were contradictions in the statements of all the Billy Goats Gruff leading the jury to a not guilty verdict.
