

Nursery Spring 1: Food

How does food grow?	Who grows food for us to eat?	Where can we buy food?
What are healthy and unhealthy foods?	What are shopping lists for?	What foods do different people eat around the world?

Communication, Language and Literacy

- Join in repeated refrains in familiar stories
- Name different fruits and vegetables
- Match rhyming words from a set of words e.g. cat, dog and rat
- Know that meaning can be relayed through signs and symbols
- Use longer spoken sentences of up to 4-5 words
- Draw a circle and vertical line (pre writing shapes)

Understanding of the World

- Talk about the differences between materials, using descriptive words such as 'smooth and bumpy'
- Talk about caring for growing plants, knowing that they need water and sunlight to grow.
- Explore different ways of cooking and talk about the changes that occur e.g. potatoes to chips and dough to bread.
- There are lots of differences between the UK and Kenya which include weather, animals and food.

Expressive Arts and Design

- Use different printing techniques e.g. fruit printing
- Explore the artist Giuseppe Arcimboldo who used fruits and vegetables to make different portraits.
- Identify and create different animal prints e.g. stripes and spots
