### Fiction and Non-fiction

During this topic we look both at fiction and non-fiction books. Fiction books tell us stories that have been created from the imagination. Non-fiction books give us facts and information about different people, topics and events.

### **Key Knowledge**

People around us have lots of different jobs that help us in a range of ways. Some people help us at home, school and in the community such as postal workers and teachers.

There are people who help to keep us safe, healthy and well such as doctors, nurses, dentists, police officers, firefighters and paramedics.

An emergency is when something unexpected happens and it needs action right away. For example, if there is a fire and we need someone to put it out, or if someone breaks a bone. 999 is the special number you need to call for the emergency services. These are the police, firefighters and an ambulance.

They have special vehicles, clothes and tools to help them do their jobs. The vehicles are usually brightly coloured and have flashing lights and sirens to let people know they are on their way.
