

# Collective Worship Hymn Reflection

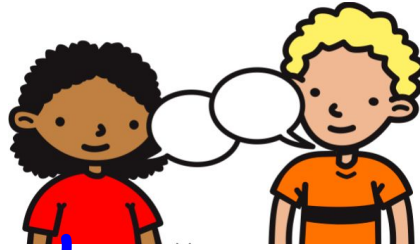

Wednesday, 3rd July, 2024

Pro Deo et Ecclesia

Listen to the hymn and sing along if you would like to.

- What does this hymn say our heart should be like? What does the word mean?

We have been learning all about God's creation this term.

- Which parts of God's creation are you most grateful or thankful for?

## Reflection:

Do you take the world God has given us, the plants, animals, sun, stars and sky for granted? How can we remember to be more thankful for the gifts of creation?

**Prayer:** Thank God for his beautiful creation!
