Play the hymn - sing and dance along if you would like to.

There are lots of different versions of this worship song. For example:

He's got the wind and the rain in his hands.

He's got the fish of the sea in his hands.

If you could add a verse to the worship song what would it say and why? (Make sure the words you choose fit with the rhythm of the song!)

Reflection:

Think about what you enjoy most about God's creation. The sunshine, flowers, animals, mountains or the sea?

Prayer:

Thank God for his beautiful world. Ask God to help us all enjoy it and look after it.
