

Y2 Seas and Coasts: What are British Seas, Oceans and Coasts like?

ocean	An ocean is a large area of salt water.
sea	A smaller part of the ocean, partly surrounded by land.
island	An area of land surrounded by water. The UK has over 6,000 islands.
continent	A continent is a very large, solid area of land. Earth has seven continents.
country	A country is an area of land with its own government like England or France.
cliff	A vertical (straight up) or near vertical wall of rock, usually on the coast.
coast	A coast is where the land meets the sea.
harbour	A harbour is a place on the coast where ships may shelter.

Fistral Beach, Cornwall, UK. This beach has a **temperate** climate. Lots of people come here for **surfing** and **swimming**. People enjoy eating **fish and chips** and **ice cream** at the beach.

Boston Bay, Jamaica.

This beach has a **tropical** climate. People enjoy **swimming** and **festivals** here. At festivals people might play reggae music and eat popular local food like **jerk chicken**.
