Dear Parents,

Our Summer term has been full of exciting curriculum enrichment opportunities across the school including our Active Travel Week encouraging our pupils to be “agents of change” showing that small decisions we make can have a big impact to help look after God’s world. We have encouraged children to remain active over half term and reminded them to keep their screen time to a minimum. We hope the attached online safety advice from the National College is helpful for parents, these have been selected as they are commonly talked about by our pupils.

Statutory Assessments

We were *incredibly proud* of our Year 6 pupils last week as they completed their SATS with maturity and resilience. Calmly starting each morning with a year group breakfast, it was the first time in over 10 years that every single Year 6 pupil was at school for the four days of these national statutory assessments. This made the administration of the tests more straightforward and ensured that every Year 6 child could enjoy the post - SATs activities this week including a year group trip to the cinema yesterday, an afternoon of games and the commencement of their rehearsals for their end of year performance of “Annie” led by our professional musical director Andrew MacMillan and choreographer Sophie Allistone.

More statutory primary assessments occur during the Summer Term and will be carried out in line with our usual routines for school assessments. Staff in Reception continue to assess the progress of our EYFS pupils towards the Good Level of Development; Year 1 pupils will complete their phonics screening check in the week commencing Monday 9th June; Year 4 pupils will carry out their online Multiplication Times Table Check between Monday 2nd to Friday 13th June. All other year groups will complete non statutory assessments which contribute to their end of year reports which will be shared with parents on Friday, 11th July.

Sports’ Days Summer Term

A reminder of the dates for our Sports’ Days after half term. Parents are warmly invited to attend. Grove Site Sports’ Days take place at the Grove Site and Broadway Sports’ Days for Years 3 to 6 take place at Perivale Athletics Track. Children should be dropped at school as usual in their PE kit and Broadway parents are welcome to make their way to the track, with the first race scheduled to start at 9.10am. The morning is usually finished by about 12.30pm when children will take the coach back to school for an award ceremony. Unfortunately, we are unable to accommodate parents at the afternoon awards ceremony.

Broadway pupils will eat a packed lunch at the track. A google form will be sent to each year group in advance for parents to indicate if they require a school made packed lunch. We encourage parents to bring their own refreshments to the track and even a picnic blanket if the weather permits to make the morning an enjoyable and community based experience!

Transition

Our next half term is a time of transition for all year groups but particularly for our Nursery pupils as they prepare for their Reception year, our Year 2 pupils as they prepare to move up to the Broadway Site and our Year 6 pupils who start their transition to Secondary School. Transition times can be a time of anxiety for parents too and we would like to remind you of the excellent resources created by our dramatherapist Sophie Gunnion Lasek which can be found on our website [here](#). When discussing transitions it is important to remember all the things that will remain the same as well as some of the things that will change.

Wishing you a restful half term break.

With best wishes,
